## Sense, A Rosewood Spa Gives Star Billing to Excellence in Beauty

*The Hôtel de Crillon, A Rosewood Hotel, which reopened its doors after 4 years of renovations, has made a triumphant return and has taken centre-stage with a sumptuous new look to inaugurate its spa with a dedicated space for beauty and a new swimming pool, creating a state of elation of wellness for both the body and soul.*

With the opening of the spa, a beauty area as well as a sublime swimming pool, the hotel has elegantly become the reference for wellness devotees and with specialised treatment houses along with the David Lucas hair salon, an exceptionally luxurious universe has been created.

All throughout the year and the seasons, Sense, A Rosewood Spa, will put in place unique programming rich with well-known guests, to continually offer its clients new and limitless experiences.

### Sense, A Rosewood Spa unveils its exclusive program

**From June 15-22, 2018, Sense, A Rosewood Spa will welcome Pierre Clavreux, Master of Kiyindo Shiatsu, who practices a therapeutic discipline, which reactivates the self-healing process of the body by re-establishing the circulation of vital energy. This new form of communication through analgesic touch deeply stimulates energy, focuses on joints, corrects posture, reinforces the body's energy potential for the long-term, and procures an immediate sense of well-being. Each session includes a personal diagnosis and a complete, personalised protocol for loosening stiff joints, and recommendations for improved posture, breathing and diet.**

**From March 23-30, 2018, Lyft by Evy will present its beauty expertise exclusively at the Hôtel de Crillon. Having achieved the status of a master in the art of bespoke holistic relaxation,** combining a face lift massage and facial yoga, “Lyft by Evy” symbolises the encounter between highly technical Japanese facial treatment and deep meditation through abdominal breathing.

## **Sense, A Rosewood Spa is a peaceful haven**

Sophie Demaret, director of Sense, A Rosewood Spa, directs a multi-disciplinary team of four therapists. A Shiatsu master, a naturopath practitioner and a chiropractor are also on hand upon request for treatments in the spa or in guests' rooms. Sprawled over two floors, in order to benefit from direct sunlight, guests will find four wellness rooms, including one for balneotherapy and another that can accommodate treatments for two. In addition to traditional therapy methods and treatments, the spa also offers cutting-edge technology such as the Jet Peel, a non-invasive treatment that rejuvenates the skin.

Sense, A Rosewood Spa, has surrounded itself with the most prestigious French companies. **EviDenS de Beauté for the face and Maison Caulières for the body** were obvious choices thanks to the quality of their products and niche positioning as upmarket houses, complementing the luxurious detailing of the spa that include the embroidered covers by Valérie Barkowski adorning the massage tables, and Vis-à-Vis's lush fluffy robes and towels. Appreciating and understanding the art of rituals, Sophie Demaret has created a relaxing ritual for the mise-en-scène of the spa's aesthetic treatments. Oshibori towels for the hands and feet, Duvelleroy French fans in silk jacquard and pear wood soaked in perfume that are delicately waved in front of the face and body before starting a treatment, and fine perfumed talcum powder misted over the skin at the end of the session with a vintage Marcel Franck perfume bottle are only some of the fine details put together to perfect the spa experience.

Created by Charles-Edouard Barthes to pay homage to and preserve his wife's beauty, **EviDenS de Beauté** brings together the expertise of Japanese cosmetics with the French savoir-faire in the art of living. Made in Japan, the products are designed for all skin types including the most sensitive, offering visible anti-age benefits that last, and produce unequalled sensuality and pleasure through their silky textures and exclusive scents.

Synonymous with the French art of living and well-being, **Maison Caulières**, the famous brand of body care products founded by Xavier Desforges de Caulières and based on essential oils, is rich with a family history that dates back to more than 250 years. The brand finds its inspiration in nature, in the Tours region, in the heart of the Loire Valley castles, and develops its products with the utmost respect for the earth and its resources.

## **Style and Beauty**

**The Hair Salon by David Lucas** proposes a full range of services, from treatments to colour, and styling and cuts to highlighting, under the expert eye of David Lucas, a renowned and key figure among the elite circle of Parisian hairstylists and colourists. In a soothing atmosphere of well-being and pure indulgence, the team works with great care and great technical mastery to pamper their clients' hair. For VIP clients, the salon has a space dedicated to them and that is sheltered from the

public eye. With an artistic nod to the famous feather master Eric Charles Donatien, a very glamorous Pompadour-style work of art adorned with feathers sublimely decorates the alcove whose bay windows open onto the peaceful Gabriel courtyard.

*Open daily from 9am-8pm.*

## The Swimming Pool

Built during the hotel renovations, its style evokes the four elements: water, fire, earth and air, and features a mural by ceramic artist Peter Lane. 17,600 golden scale tiles detail the bottom of the pool to create a delicate play of light with the Gabriel courtyard. During the day, natural light streams into the courtyard towards the basin, making it sparkle, while at night the pool in turn illuminates the courtyard through its glass roof. It is the ideal place to relax and spend an enjoyable moment, whether curled up beside the fireplace or spread out on a chaise longue.

*Reserved exclusively for the Hôtel de Crillon's clients.*
